AUTHENTIC LOOK AND FEEL WITH PERFORMANCE TO MATCH

CORDURA® COMBAT WOOL™ KNIT

CORDURA® *Combat Wool™ Knit* is a range of apparel knit constructions based on yarns spun using INVISTA nylon-6,6 staple fibers intimately blended with wool. These knits are engineered to offer long-lasting performance, high strength (when compared to typical wool knits), and next-to-skin comfort.

Characteristics

- Inherent stretch
- Comfort – high wool content
- Durable – Long-lasting performance
- Strong – excellent tear strength
- Authentic – look and feel of classic wool knits
- Minimum INVISTA nylon 6,6 fiber content

Fabric type: Any weft/circular, flat-bed or warp knit. Fabric constructions have inherent stretch functionality and may be elastified. Primary types include jersey and sweater knits.

The CORDURA® *Combat Wool™ Knit* portfolio offers apparel solutions for active endurance clothing and workwear such as t-shirts, baselayers, sweaters, outerwear, trousers and uniforms.
